Grisel provides a diverse array of global and domestic accounting, financial management, and consulting expertise in the pharmaceutical, manufacturing, and mortgage industries delivering fractional and interim accounting services. Her more than 23 years of experience includes general ledger accounts, fixed assets, month/year-end closing, accounts payable, accounts receivable, and financial reporting.

During her career, Grisel has held multiple supervisory and assistant controller roles where her success was based on her strong leadership and team building skills. She is adept in solving financial challenges of large and small, privately held businesses.
