Mike is experienced in creating new processes and controls to ensure audit readiness and has led systems conversions for several clients. Relying on his strong management and analytical skills, Mike has served as fractional CFO and interim controller for several foundations. He has also guided several corporate clients through implementation of GAAP standards including the new revenue recognition and lease guidance. Mike is skilled at tailoring his broad expertise to the needs of each client.

A certified public accountant, Mike has performed numerous business valuations and holds the Accredited in Business Valuation (ABV) designation, a credential that allows him to perform sophisticated analyses of businesses' value. Throughout his career, Mike has held senior accounting and finance roles for Fortune 500 companies and two accounting firms.
