Scott is a human capital consultant with a strong background in consulting and search. He conducts high-profile searches for CEOs, presidents, COOs, general managers, and vice presidents in the healthcare, insurance, medical devices, and bio-medical industries. With more than 25 years of human capital and executive search experience, Scott is skilled at meeting accelerated hiring time frames during challenging transitions.

During Scott's career, he has held executive positions in the financial services, retail, and technology industries. He is adept in leading clients through organizational assessments and executive assimilation strategies. His Lean/Six Sigma experience appeals to clients requiring searches with a continuous improvement focus.
