Kate brings over 20 years of experience as an accounting professional across multiple industries and business sizes. She assists companies with streamlining their accounting practices. Her experience includes month/year-end closing, accounts payable, accounts receivable, payroll processing, benefits administration, sales tax reporting, reconciliations, budgeting, and financial reporting.

Starting her career in restaurants and hotels, Kate found her love for accounting. She has provided accounting expertise and managed payroll and human resources for startup businesses in a variety of industries including marketing, recreational sports, training, and payroll and benefits administration.
