An ambitious innovative problem solver with strong business acumen. Excellent organizational and time management skills. And with over 20 years of customer service and administrative experience prior to venturing into the accounting world. Nikki has been working as an accountant for 7 years and is quick to master new operating systems. Her experience ranges across most industries as she works with clients to improve efficiency of their accounting operations, data integrity, and timeliness of reporting.

Nikki has previously been focused on assisting the small to medium sized businesses that are primarily privately owned. She has worked in transportation, property management, construction, retail and service industries. Providing controller level expertise to increase effectiveness from the accounting team, implemented collection processes, and helped create a more proficient AP process for her clients. As well as assisted with software conversions to ensure data integrity is maintained. Nikki also advised a few local small businesses regarding their options for financial assistance during the COVID pandemic to help ensure an uninterrupted business process through the challenges of 2020. She works with clients CPAs to ensure yearly reports are accurate and available in a timely manner for tax purposes.

One of her many specialties is her ability to process the month & quarter end close and accurately provide financials in a timely manner. Specialized in organizing chaos, she can quickly learn all systems and processes to help advise on the most efficient path towards increasing accounting accuracy. Excellent skills in all Microsoft programs, especially excel; she can provide any ad-hoc report required to enhance your benchmarking process to help increase business profitability.
