[VCARD](#) | [LINKEDIN](#)

Angie has 25 years of accounting experience providing accurate financial information and analysis to empower business leaders to manage and grow their businesses. Angie has a wide array of experiences from public accounting, private industry and the nonprofit sector managing all aspects of financial accounting to include partnering with external auditors, benefits providers, and tax professionals. Angie brings organizational skills and attention to detail to be able to streamline and scale processes to maximize resources.

Angie began her career in Big 6 (now Big 4) accounting specializing in audits of mostly Fortune 500 Companies. From there she has practiced in the entertainment, consumer products, healthcare, and nonprofit industries. With these varied experiences, Angie has been able to scale and strengthen accounting performance and internal controls to deliver valuable information to stakeholders.
