[VCARD](#) | [LINKEDIN](#)

With her broad range of expertise as a financial controller, Tamica provides accounting, analyses, process improvement, and growth strategies across a wide array of clients. She has held roles in corporate accounting for several Fortune 500 companies, nonprofits, and small businesses, including the following industries: hospitality, automotive retail, medical distribution, banking, IT, health, insurance, and higher education. Tamica is dedicated to supporting her clients and working with each to find the straightest path forward.

Tamica excels in managing system implementations and upgrades, overseeing operating, endowment, and position budgets, and providing comprehensive budget analysis to assist in strategic decision-making. Her ability to formulate budget policies, compile and interpret financial data, and prepare detailed reports and presentations has made her a valuable asset to clients across various sectors. Tamica's comprehensive approach to financial management
