Rosalind is a proven human resources leader with over 25 years of professional experience in labor and employment, coaching and counseling, employee relations and engagement, project management, and compliance. She is a problem solver highly skilled at building effective and productive working relationships with internal and external clients. Rosalind has strong communication, organizational and mentoring skills.

Rosalind began her career as a litigation paralegal with a large law firm then moved into a labor and employment paralegal position with a major corporation where she focused on OFCCP audits and EEO claims. After a few years, she transitioned into human resources in professional services companies and firms.
