VCARD

With a comprehensive skill set encompassing accounting, financial reporting, audit support, budgeting, and process improvements, Greg empowers clients to optimize their daily accounting operations. Backed by nearly two decades of experience as a controller, accounting manager, and senior accountant, Greg brings unwavering speed, precision, and determination to tackle intricate G.A.A.P. auditing, lease accounting (ASC 842), reconciliation, and process control challenges while addressing any underlying issues.

Greg began his career and maintained it by working for several large private companies that specialized in a diverse range of industries, including solar, food manufacturing, construction, and real estate. Throughout his career, he has been responsible for all aspects of finance and accounting, encompassing transactional accounting, financial and management reporting, process optimization, and the establishment of robust internal controls. Additionally, he has worked with and managed teams within the primary accounting functions of Accounts Payable (A/P), Accounts Receivable (A/R), and payroll. Greg's extensive experience and commitment to excellence make him a valuable asset in helping businesses achieve their financial objectives and maintain sound accounting practices.
