Robin is a seasoned CPA with over 35 years of experience in private industry, bringing deep expertise in financial operations and leadership. She helps clients strengthen their accounting functions through her extensive background in financial reporting, audit preparation, and oversight of core operational areas including Accounts Payable, Payroll, Accounts Receivable, and Human Resources. Robin's collaborative approach and attention to detail make her a trusted advisor for organizations seeking to improve financial accuracy and operational efficiency.

Robin's career includes leadership roles such as Controller and Director of Accounting across the healthcare, non-profit, commercial construction, and property management sectors. She has consistently delivered results by streamlining processes, ensuring compliance, and supporting strategic decision-making through accurate financial insights.
